Fibre Expert Hired To Promote Glades Ramie Production

Will Attempt To Develop Domestic Market For Crop

A recommendation by Commissioner of Agriculture Nathan Mayo to the members of the Internal Improvement Fund at its meeting in Tallahassee Tuesday that H. G. Morton, a textile consultant, be employed to assist in the development of domestic markets for Glades grown ramie was approved and the expert was immediately flown into his new duties at a salary of \$7500 per year.

The important item to me is to know how much ramie fibre is to be available during '55 and each succeeding year, so that I can parcel it out to the most effective manufacturers," said Morton, upon being retained.

Mr. Morton's experience as a textile operator and as Chief of the Fibre Division of the War Production Board for three years gives him a background of knowledge as to the When and How of fibre sources and uses, both domestic and international.

Representative Emmett Roberts, just recuperating from a case of the mumps, flew to Tallahassee Tuesday morning to present the request of the Fibre Committee of the Palm Beach County Resources Development Board to the Governor and his cabinet, and carried the endorsement of his fellow members.

George Wedgworth spoke briefly for the local committee, and Commissioner Mayo heartily endorsed the project as an aid to "an infant industry" and as a major potential land-user.

School Superintendent Bailey pointed out that the Fibre Board and the I. I. Board own several thousand acres of land in the midst of which are the farms, and commended the project as a possible enticement to large operators to lease these school lands.

Commissioner Mayo read a letter from Director of Fibre for the Florida Experiment Station recommending the need for someone to aid this young industry in the manner proposed.

Among others making the trip to Tallahassee were: C. E. Closs and Luther Jones as growers, and Dr. R. E. Davis, chairman of the RDB's Fibre Committee.

On a recent trip local growers and Dr. Allison visited the Swift Manufacturing mills in Columbus, Georgia where ramie is produced.

SO. FLA. CATTLEMEN ATTEND FIELD DAY

More than 150 cattlemen of the 15 adjoining counties spent Thursday with County Agent Red Mount and County Assistant and Dr. Tommy Forney and his co-workers listening to and exchanging ideas and practices on all phases of a cattleman's problems.

Nutrition, diseases, insects, forage, both grass and grain, and many affiliated questions of South Florida cattle raising were treated scientifically and from the horse-back by the service.

A barbecue dinner was served at the Mayo Pavilion and the visits and discussion continued until a late hour of the afternoon.

University Of Florida's Traveling Museum Will Visit Glades Schools

The new traveling museum of scientific and historical objects that is titled "Man in Florida—A Today and Yesterday" are scheduled to arrive in the Glades area of January 21, 1955.

Bids Opened

At a bid opening held last week in the Jacksonville District Office of the Corps of Engineers, the Industrial Construction Company of Jacksonville was apparent low bidder on the construction of Canal and Levee 19 of the Central and Southern Florida Flood Control Project. The bid was \$476,150. Four other bids were received ranging up to \$536,500. The canal and levee will extend south along the existing North River Canal from the Belles Glades area for a distance of about 10 miles. The job will require excavation of 72,000 cubic yards of material and installation of four culverts.

Florida Delegation To Back President's FCD Appropriation

Recommendation Of \$6,300,000 For Next Year Sought

Rep. Paul Rogers came back here for the weekend last Saturday with news that President Eisenhower has recommended a \$6 million plus appropriation next year for the flood control program.

Rogers returned officials of the flood control district, who have headquarters at West Palm Beach, of the president's \$6,300,000 budget recommendation.

He expressed the conviction that the Florida delegation, who are heartily supporting the program, will be successful in gaining congressional approval for this portion of the president's budget.

The new Congressmen joined Florida Senators Spears and Holland and George Smathers in endorsing the plan, and in pledging their efforts to obtain its approval.

"The Florida delegation has been working on this program for years," he said. "I am convinced that their long mission's efforts will pay off this year and that the engineers consequently will make record progress in the development of this project."

Survivors are the husband, Earl, two daughters, Brenda and Doris, 12, Belle Glade; three sons, Roy O'Brien, 10, Sarasota; Carl, 8, Miami; and Rose, 6, Okeechobee; one brother, Mr. Gene Higgins of Perry, Fla.

Funeral services were held at the Mayo Pavilion and the visits and discussion continued until a late hour of the afternoon.

Foremost Dairies Property Is Sold To Shawano Corp.

Corporation Plans Extensive Expansion Program In Milk Production At Site

Glades produced milk in increased quantities up to 50,000 pounds annually — is the announced aim of new owners of the Foremost Dairy property, the Shawano Corporation, owners of more than 11,000 acres of deep milk, are ramie growers and processors, and have purchased the 1700-acre site of the Foremost organization, together with its milk barn and facilities.

The new owners have already embarked on a plan to bring the natural grasses that 2000 gallons daily, with an ultimate plan for 10,000 dairy cattle.

With 200 acres of ramie ready for a three-crop harvest this summer and plans for planting an additional 200 to 1400 acres during '55 Mr. Culter, president of Shawano Development Corporation plans a diversified agricultural venture on the corporation's 13,000 acres that occupy this in this country of big operations.

Winter grasses to be mowed and "fodder" to the milkers, field men to round out the nutrients for milk production, hay for silviculture and grazing and winter vegetables have been a part of the program and will continue as a part of the diversification program.

Foremost announced at the beginning of its activities some time ago that it would encourage local farmers to add milk production as a diversification. A continuance of this purpose is announced by Shawano.

The operation as planned for immediate program, will give the Glades area the largest milk producing organization in the State and the overall plan will bring it to or near the top of the list.

Featuring the production of 90% of the needed feeds for the dairy operation, which itself is a year-round undertaking coupled with the substantial operation as a milk producer, labor, stability in year-round labor-use should be demonstrated.

It is announced that the milk production is planned as a full year-round operation which will have volume being sent to the processors daily during the summer.

Ram Cagers Win Last Two Games

Coach Hector Queltet's Golden Rams, playing their best game of the season, downed Okeechobee 34-24 Tuesday night. The win gave the high scoring basketball team victory number five in nine starts.

Bobby Joe Thomas put the stadium ice for Belle Glade as he dropped in a field goal with fifteen seconds remaining in the quarter only to have the Rams gain a 22-0 margin at half time.

Walter Mosley led in individual scoring as he leaped in eighteen points for the victors. Orams. Other Rams hitting in the double figure column were Thomas with fifteen and Glenn Martin with twelve.

High point maker for the Lake Worth Trojans was Dwight Chaplin who accounted for 17. Belle Glade took the B game with Earl Armstrong, Johnny Miller and James Chambliss leading the team to victory.

Last Friday night the local Cagers took a non-conference game from Clewiston 44-39. This was the first game of the season for the Rams.

Belle Glade opened the season with a win over the Okeechobee Terrors in a quarter, leading 43-21 at the close of the third period.

Bobby Joe Thomas took scoring honors with 24 points. He was followed by Glenn Martin with 14 and Walter Mosley with 8.

Harold White and Joe Peters accounted for 27 of the Terrors' points with White netting 17 and Peters going 10-10.

Belle Glade defeated Clewiston in the B game 44-26. Earl Armstrong, Johnny Miller and James Chambliss leading the team to victory.

This is the best season that the Belle Glade Rams have had in recent years. The attendance has improved but there are still plenty of seats available. Attend the home games and cheer the Rams to victory.

South Bay Bridge Nears Completion

The new concrete and steel constructed bridge on SR No. 80 over the North New River, a vital waterway, South Bay, almost completed, and was opened temporarily to traffic for the first time Monday afternoon.

Approaches to the bridge are still under construction as the bridge was lowered some 2 1/2 feet from the level of the original plan to lower the structure, which necessitated lowering the approaches and also widening on both sides.

Royal palms which bordered the highway on both sides, had been removed.

First Heart Unit Set Up In Glades

Miss Margaret Bodenstien, Executive Director of the Heart Association of Palm Beach County, met with Mrs. F. A. LeFils chairman of the Belle Glade Heart Association and members of her committee Wednesday.

The committee met with Mrs. E. D. Humphries at the Western Auto Store of Mr. and Mrs. Jack Royals and set up in the store the first information center of the Heart Assn. in the Glades. The unit will carry heart literature and literature on the importance of the heart.

Mr. LeFils was also appointed chairman for the Heart Fund for the Belle Glade area in the place of Mr. Jack Royals who resigned on account of his health.

Miss Bodenstien, Mrs. LeFils and Mrs. C. J. Arpey attended the presentation of the Everglades Vocational High School's first information center at the Okeechobee Camp. The senior science class under the instruction, Miss Marion Gray presented a program which she has entered in the Educational Science class of the Heart Association.

According to Miss Bodenstien, the program is very good and well presented. Among those taking part were Frances Savall, introduction, "How the Heart Works," Irma Burke and "This Is Your Heart," narrator James Forchion. The EVH science class won second place in the 1954 contest and is striving for first place this year.

Shorthanded! Beta Sigmas Head March Of Dimes

The City is carrying on its normal functions, somewhat shorthanded in the key positions.

Since Former City Manager Tom Carle was relieved of his duties by the City Commission, Mr. Carle has performed those duties. City Engineer Ira Wall, who was also building electrical and plumbing inspection, resigned January 15. Neither a new city manager or inspector has been appointed from the 23 and 16 applications, respectively, for the jobs.

Mayor Rabin was admitted to the local hospital Monday. He is expected to be confined for some time. No mayor, no city manager, no inspector, and Wednesday City Sanitarian Hilton Bonard was admitted to the hospital with virus pneumonia.

Vocational School To Offer Evening Courses For Adults

The Palm Beach County Vocational School, in cooperation with the Chamber of Commerce, is planning to offer evening instruction in Typing, Bookkeeping and Shorthand, according to Mr. Kenneth F. Johnson, Director of Vocational Education for the County.

These courses are tentatively scheduled to start in January. So that classes may be set up according to the demands of the community, it is requested that those persons interested in this instruction call the high school, phone 2938. Please give your name and address and the course of instruction in which you are interested.

This instruction is part of the School Board's Vocational Education program and is for adults 16 years of age or over who are not regularly enrolled in high school.

No tuition fee will be charged for these courses. However, there is a small registration fee, and students must furnish their own supplies.

Starting dates will be announced later.

Birthday Party
Given Two Sisters
Verna and Laura Beth Warren celebrated their 16th and 14th birthdays Friday evening. Personally we'd hate to try to pick the ten best pleat-and-ruffle specimens in our favorite drugstore during rush hour. This job of tabling the top ten in the world is one for Superman... and he ought to have a running start before releasing the news.

Among the charms who didn't make it this year were Marlene Dietrich, Queen Elizabeth, The Duchess of Kent and Ovetta Culp Holtby. That should prove a consolation to all the local ladies who were ignored. As a matter of fact, the judges didn't even come by the way. If they had, they might have been surprised.

A fellow in New Jersey had a bad headache, and he shot himself in the stomach to take his mind off it. A drastic remedy. He better not ever get a stomach ache. The wrong prescription for an ailment can be dangerous. That's why purity, ingredients and care and accuracy in their preparation are so important in prescription care. We're prescription specialists... so call on us for dependable prescription service when you need it. GLADE DRUG STORE.

TO BE BRIDE—Mr. and Mrs. J. B. Jones, 9 N. W. Avenue F, announce the engagement of their daughter, Lorraine Ann Kelly, to Harvey Eugene Pope, son of Mr. and Mrs. Charles Harvey Pope, of Lake Harbor. Miss Kelly, a member of the graduating class of the Belle Glade High School of 1955 was born in Bangor, Maine and moved to Belle Glade in 1945. Mr. Pope, a former employee of the Florida Power & Light Company enlisted in the Air Force and is now based at San Antonio, Texas. He is a graduate of the Belle Glade High School, class of 1954. The date of the wedding will be announced later.

Martha Lynn Brent Has Birthday Party
Mrs. Paul Brent complimented her daughter, Martha Lynn, at an outdoor western style party in celebration of her 12th birthday on Saturday night at her home on N. W. Avenue F.

The guests were entertained by dancing and playing games in the outdoor patio, after which they enjoyed a wienner and marshmallow roast, soft drinks and birthday cake.

Present were Mary Ann Tillery, Joe Scott, Steve Kaufman, Earl Norris, Gary Norman, Karen Gore, Kenny Bass, Gordon Register, Steve Weeks, Terry Browning, Janet Ruth Kirk, Barbara Kirkman, Jimmy Davidson, Sandra Dray, Linda Rubin, Tommy Smith, Bobby Schoenfeld, Eddie Neater, Wayne Motes, Ronnie Gekker, Frank Matthews, Elton Lindrow, Jack McCaskill, Bobbie Bentley, Alvin Schlechter, Linda Wilder, Sharon Williams, Jane Kirkman, Teddy Roman and Jack Hooker.

maelodon, mammoth, and giant bison. Scientific illustrations of the life-appearance of these and other forms are also shown.

A series of several exhibits on prehistoric man in Florida follows the Ice Age panel. Included is a model of a burial mound of the type used extensively about 400 B. C. until about 1550 A. D., by Florida Indians.

Many tools and weapons made

from stone, shell, or carved from the bones of deer and other animals are also shown. The series on prehistoric man is followed by panels on early Florida history, beginning with the Spanish conquest and the establishment of Catholic Missions.

The historical exhibits, which end with the Civil War Period in Florida, are followed in the second vehicle with a series of displays on contemporary industrial development, such as the production of citrus fruits, the

state's mineral industries, harvest from the sea are included in the survey.

Admission to the exhibit is free to all visitors who are provided with a free brochure that aids in making the visit more informative.

The vehicles will be shown at Palatka High School January 21; Belle Glade High School January 22, 23, and 24; Everglades Vocational High School January 25; Clewiston High School January 26 and 27, and LaBelle School January 28.

REDDY makes the DIFFERENCE.

WASHED OUT ON WASH DAY?

No wonder! It takes at least 220 "bends and stoops" to hang up the average family wash. An electric clothes dryer in a typical Sunshine Service home will do this chore easily and economically.

TROUBLE COMES MARKED "RUSH"

All of Florida Power & Light Company's "trouble trucks" are equipped with two-way radios. This efficient communication system saves time on emergency repairs and means better electric service for you.

Automatic, dependable Sunshine Service is the BIG DIFFERENCE between old fashioned drudgery and today's easy electric living.

So, in town or country... for business or pleasure... call on Reddy early and often. He's the biggest bargain in any budget!

Florida Power & Light Company's trucks and auto stay on the job to give you good electric service. The company's vehicles travel an average of 42,000 miles a day—much more than the distance around the earth!

PRESCRIPTION FOR PROFIT

An electric brooder assures more live chicks and more rapid feathering by controlled uniform temperature. P.S. Since VJ Day Florida Power & Light Company has built more than 3700 miles of rural lines!

CHURCHES OF CHRIST SCIENTIST

God's readiness and willingness to heal sickness and sin today, as He did in Christ Jesus' time, will be set forth at Christian Science services this Sunday.

Scriptural selections in the Lesson-Sermon entitled "Truth" will include the account of the successful healing missions of Jesus' disciples, as recorded in Luke's Gospel (Chapters 9, 10). The even-availability of the Christ, Truth will be brought out in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (142:3): "God's remedy for every kind of evil, and Truth destroys only what is false. Hence the science of today, as yesterday, Christ casts out evils and heals the sick."

The Psalm (57:3): "God shall send forth his mercy and his truth."

Presbyterian Women Have Monthly Meet

"Personal Christian Faith" was the program given at the general meeting of the women of the Everglades Presbyterian Church Tuesday night, when Mrs. Jim Frazer presiding.

Taking part on the program were the Rev. J. M. Gresham, pastor, and Mrs. Mildred Booth. Mrs. Ed Browning had charge of the program, and Mrs. Parker also gave the devotional.

Whitlock, Mrs. Lawrence Bessent, Mrs. Ralph Pines, Mrs. David Motes, Mrs. Elsie Ellis, Mrs. Benny Richmond, Mrs. Eunice Allen, and Mrs. Bob Wood.

Guest Minister At Presbyterian Church

The Rev. Walter Faris of Cheswick, Pa. will be the guest minister and deliver the morning sermon at the Presbyterian Church on January 23 at the Everglades Presbyterian Church.

At 10 a. m. present time the church has no regular minister since Rev. Robert Ford resigned to take over the pastorate of the Presbyterian Church in Frostproof.

Baptist Church News

The P. M. Lake Sunday School Association met at the First Baptist Church of Belle Glade last Monday night with a total attendance of 117 and a representation of 12 churches.

Various problems and plans of the association were discussed by the group following the opening exercises.

Rev. U. W. Matlin has been conducting a series of Bible Studies which started Jan. 12 on the Gospel of John, emphasizing the Master evangelist, Jesus Christ. These studies will be continued for 10 consecutive weeks.

HOW CHRISTIAN SCIENCE HEALS

How I Learned To Overcome Lack

WSWN Sundays 9:30 a. m.

TODAY'S meditation

Read Colossians 1:9-17.

Chaparral Room

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

All coheres in him. (Colossians 1:17, Moffatt). It is called a keystone. A properly made arch lights under weight from above. It locks itself securely by the load it carries. What is the keystone that holds human life together? It is faith in God. Life coheres for the person who believes. It did so for Jesus. He believed He had come into the world for a purpose. Jesus' faith made His own tremendous burden light, for God strengthened Him. Jolted by opposition and misrepresentation, Jesus relied all the more upon God's helping love.

Out of His experience He said in all seriousness to us, "Come unto me, all ye that labour and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart; and ye shall find rest unto your souls. For my yoke is easy, and my burden is light." (Matthew 11:28-30).

PRAYER
O God of infinite might, increase our strength. Help our unbelief. Strengthen us with Thy strength. Bless us with Thy fatherly love, through Christ, who would that we say when we pray, "Our Father who art in heaven."

THOUGHT FOR THE DAY
"Man is tallest when on his knees."
Gordon B. White (Illinois)

Star Circle To Meet

The Star Circle of the Community Methodist Church will hold their regular meeting at the home of Mrs. Herman Close on Thursday, January 23, at 8 o'clock.

GEMS OF THOUGHT

Work and Play
All work and no play make Jack a dull boy.
— James Howell.

What leads to more pleasure, making pleasure the chief aim.
— William Shestov.

If all our years were holidays, sport would be more irksome than work.—Mary Baker Eddy.

The purest pleasures lie within the circle of useful occupation.
— Henry David Beecher.

SUNDAY SCHOOL LESSON FOR JANUARY 23, 1955 — BASED ON THE INTERNATIONAL SUNDAY SCHOOL LESSON FOR CHRISTIAN TEACHING

Neither is there salvation in any other—Acts 12. What this world and country needs today more than ever is the realization that we need the working of the Holy Spirit and God's help through Christ. We need the power of the Holy Spirit and unless we have it the works of evil are sure to destroy us. An outstanding missionary recently said "The day of public witness for Christ among 400,000,000 Chinese is over." Unbeliever. Communism and the works of all manner of evil beat us on every hand, but there is hope and it lies wholly within the Power of The Holy Spirit, if we will only let God in and let Him take over. In conclusion we should know that God will lead, but first we must submit to Him and allow Him to Reprove and convict us of our sin. He convicts of Judgment. Judgment took place at the Cross of Calvary where Jesus won the victory and He won it for you and for me.

Are we convinced?
